NOTES

1 | The above results have been reviewed by the Audit Committee and taken on record by the Board of Directors at its meeting held on 12 February 2014.

- 2 The entire operations of the Company relate to only one segment namely, 'Aluminium Extrusion'. Hence segment disclosures as required under Accounting Standard 17 are not applicable.
- 3 The results for the quarter and half year ended 31 December 2013 have been subjected to a "Limited review" by the Statutory Auditors of the Company. A review report has been issued thereon making two qualifications as described in point no. 5 & 6 below.
- 4 The Company had issued 3,424,000 Cumulative Redeemable Optionally Convertible 10% Preference Shares of \$\mathbb{\xi} 10/- each in May, 2005. These are convertible at the option of the holder into ordinary equity shares of 🔾 10 each at any time after three years from the date of allotment or shall be redeemed by the Company at par in three equal installments commencing from the end of 5th, 6th and 7th year from the date of allotment. These shares have been considered in computing the diluted EPS for the quarter ended 31 December 2013. The Company during the year ended 30 June 2010 has received extension of redemption period by further 3 years from the preference shareholders with all other terms remaining unaltered. Accordingly, unless converted, these preference shares shall now be redeemed by the Company at par in three equal installments commencing from the end of 8th, 9th and 10th year from the date of allotment. No conversion option has been exercised so far and the Company is initiating the process of extending the redemption period.
- 5 The Company has incurred a net loss of \$8.96 million for the quarter ended 31 December 2013. It also has accumulated losses of \$294.54 million as on that date compared to the shareholders' fund of `160.52 million. During the year 2009-10, the Company was declared as a sick industrial company by the Board for Industrial and Financial Reconstruction (BIFR). Canara Bank has been appointed as an Operating Agency to assist in working out a rehabilitation scheme. During July 2013, the Alumeco Group (Denmark) took a commercial decision to stop extending the facility of supplying raw material on credit to the Company, as was being done in the past. This decision, coupled with the accumulated losses in the Company and the prevailing adverse business conditions (on account of liquidity crunch, labour problems, power cuts, poor order book position due to bad economic scenario, credit crunch in the market, etc.), has further strained the financial position of the Company. However, the Board of Directors and the Management of the Company are actively pursuing various available options to rehabilitate the Company under the aegis of BIFR / Operating Agency and currently believe that the Company would be in a position to continue as a going concern. Hence, these financial results have been prepared under the going concern assumption. The auditors, in their review opinion for the quarter and half year ended 31 December 2013 have expressed doubt over the Company's ability to continue as going concern.
- 6 The Company had filed an application for closure of unit before the Government of Andhra Pradesh which has been rejected and the Company has gone in to appeal before the Hon'ble High Court of Andhra Pradesh, which appeal is pending hearing. The workmen have been paid wages till 17-10-2013 including the statutory 90 day notice period. While the Company has asked the workmen to accept statutory dues payable to them as per law, the workmen have not accepted the same. No provision in respect of worker compensation has been made at this stage, since the matter is pending before the High Court.
- 7 Consequent to the resignation of directors in the month of December 2013, the present Audit Committee do not meet the requirements of the Listing Agreement. The Company is in the process of appointing new directors and reconstituting the said Committee so as to meet the requirements of the Listing Agreement.

8|Figures of the earlier periods, wherever necessary have been regrouped and rearranged to confirm to the classification of the current period.
